

Ubiquinol CoQ10 100 mg vegan Gold

Kaneka Ubiquinol™ with vitamin B2, E and lecithin: micronutrients for power in all situations

Coenzyme Q10 is a natural substance that the body also produces itself and which occurs in two forms: ubiquinone and ubiquinol. Ubiquinone must first be converted in the body into the active form ubiquinol, whereas ubiquinol is directly active and bioavailable. The activated form of CoQ10 can therefore be used directly by the body. In the body, the micronutrient CoQ10 is present as active ubiquinol in more than 95% percent. It is involved in numerous processes in the body and is found in every cell, especially in the mitochondria, especially in tissues and organs with high energy requirements, such as the heart, liver, kidneys and muscles.

For this gold preparation the patented premium raw material Kaneka Ubiquinol™ is used, a 100% pure, nature identical ubiquinol, which has been tested and researched by scientists and researchers for more than a decade. The raw material is also characterised by its particularly high stability and is carried in a vegan liquid capsule of coconut and sunflower oil with sustainability certificate.

Ubiquinol CoQ10 100 mg vegan becomes a unique custom-made product through its combination of high-dose ubiquinol with vitamin B2, which is necessary for energy metabolism, vitamin E to protect cells from oxidative stress and the phospholipid lecithin from sunflowers.

Ubiquinol CoQ10 100 mg vegan - completely without animal components - Ready to go!

Ubiquinol CoQ10 100 mg vegan

- Contains bioidentical, 100% pure and natural coenzyme Q10 (Kaneka Ubiquinol™)
- With vitamins B2 and E and high-quality sunflower lecithin
- Vitamin B2 supports normal energy metabolism and helps reduce fatigue and tiredness
- Vitamin B2 and vitamin E contribute to the protection of body cells against oxidative stress

Possible applications

- For the supply of bioidentical coenzyme Q10 in the immediately available ubiquinol form
- As a nutritional-physiological contribution to energy metabolism, also for vegan nutrition
- To support cell protection during the increased formation of free radicals (oxidative stress)

Bioavailable micronutrients in pure form

- According to the pure substance principle
- Without colouring, flavouring and coating agents
- Gluten-free Lactose-free
- Fructose-free
- 100 % vegan
- Hypoallergenic
- Tested quality

INGREDIENTS per daily dose	1 Capsule	% NRV*
Ubiquinol (KANEKA UBIQUINOL™)	100 mg	-
Vitamin E (mg alpha-TE)	6 mg	50
Sunflower lecithin	2.4 mg	-
Riboflavin (vitamin B2)	1.4 mg	100

* % OF NUTRIENT REFERENCE VALUES IN ACCORDANCE WITH EU REGULATION 1169/2011.

INGREDIENTS

Vegetable oils (coconut, sunflower), capsule shell (modified starch, humectant: glycerol; gelling agent: carrageenan), ubiquinol, mixed tocopherols, D-alpha-tocopherol, sunflower lecithin, riboflavin.

RECOMMENDED DOSAGE

1 capsule daily taken with a meal and plenty of liquid.

NOTE

Food supplement in accordance with EU Directive 2002/46/EC

IMPORTANT NOTICE

The product should not be consumed by pregnant women, nursing mothers and children and adolescents under 18 years of age.

PACKAGE SIZE AND CONTENT

60 capsules (pack for 2 months), 39 g
180 capsules (pack for 6 months), 117 g

Food supplement: The recommended daily dosage should not be exceeded. No substitute for a balanced and varied diet and a healthy lifestyle. Store in a dark, dry place at room temperature. Protect from heat. Keep out of reach of children. Suitable for diabetics. The information provided here is not a statement on healing or a recommendation to self-medicate.
